Entry into Care Roles Skill Set

Pathway into Individual Support - explore a new career in 2026 with this taster program for entry level roles in aged care and community sectors.

What you'll learn

Entry into Care Roles Skill Set enables you to start your career in roles such as:

- Aged Care Worker
- Extended Care Assistant (ECA)
- Home and Community Care Worker
- Personal Care Worker (PCA)
- Individual Support Worker
- Residential Support Worker

These roles are in demand in residential facilities, community health services and private home care and disability organisations across Tasmania.

Fee free training

Available for eligible students.
3 Day Face to Face course
(Hobart or Launceston)

Units

HLTINF006 – Apply basic principles and practices of infection and prevention control

HLTWHS002 – Follow safe work practices for direct client care
